

How to Run CMS IntelliCAD PE Easy Run

Using Microsoft Edge, Google Chrome or Mozilla Firefox:

- 1) Go to <https://run.intellicadms.com>
- 2) Sign in using your license data – Check your license username and password at <https://www.intellicadms.com/licenses>
- 3) Follow the instructions. Make sure to install the Turbo.net plugin that will allow our site to download and run CMS IntelliCAD on your Windows 64-bit machine(s).

The image shows two screenshots of the CMS IntelliCAD PE Easy Run website. The top screenshot shows the sign-in page with a "Sign In" form and a "Sign In" button. A blue box highlights the sign-in instructions: "For demo purposes, please use account: Username (lowercase): demo Password (lowercase): demo". The bottom screenshot shows the dashboard with a "Download" button and a "1st step: Download and install turbo.net plugin. Run this step only once." instruction. A right-click context menu is open over the "CMS IntelliCAD® PE Easy Run" icon, showing options: "Run in Cloud (HTML5)", "Run in Cloud (Windowed)", "Run on My PC (Local)", and "Install on My PC". A blue box highlights the "2nd step: Right mouse click on top of each icon and select the way you would like to run the software" instruction.
